being issued is greater than that used for the calculation and payment referred to in subsection (2), an additional payment shall be required and shall be calculated by multiplying the applicable development charges for those services shown in Schedule "B-1" or "B-2" to this By-law, as may be appropriate, subject to the adjustments in section 19 of this By-law, by the difference between the number and type of dwelling units for which building permits have been and are being issued and the number and type of dwelling units for which payments have been made pursuant to subsection (2) and this subsection.

- (6) THAT subject to subsection (8), if following the issuance of all building permits for all development in a subdivision and for all development in a block within that subdivision that had been intended for future development and for which payments have been made pursuant to subsections (2) and (4), the total number and/or type of dwelling units for which building permits have been issued is less than that used for the calculation and payment referred to in subsection (2), a refund shall become payable by the Region to the person who originally made the payment referred to in subsection (2), which refund shall be calculated by multiplying the amounts of the development charges in effect at the time such payments were made by the difference between the number and type of dwelling units for which payments were made pursuant to subsection (2) and the number and type of dwelling units for which building permits were issued.
- (7) THAT subsections (5) and (6) shall apply with necessary modifications to a development for which development charges have been paid pursuant to a condition of consent or pursuant to an agreement respecting same.
- (8) THAT any refunds payable pursuant to subsections (6) and (7) shall be calculated and paid without interest.
- (9) THAT notwithstanding subsections (1) to (7), inclusive, the Region may require and, where so required, an owner shall enter into an agreement, including the provision of security for the owner's obligations under the agreement, pursuant to section 27 of the Act. The terms of such agreement shall then prevail over the provisions of this section dealing with the timing of payments but may not amend or alter any other provisions or sections of this By-law.

Payment by Money

21. THAT payment of development charges under this By-law shall be by certified cheque or bank draft.

Rules with Respect to Exemptions for Intensification of Existing Housing

- (a) permitting the enlargement of an existing dwelling unit;
 - (b) creating one (1) or two (2) additional dwelling units in an existing single detached dwelling;
 - (c) creating one (1) additional dwelling unit in an existing semi-detached dwelling; or

- (2) THAT notwithstanding clauses (1)(b) to (d), inclusive, development charges under this By-law shall be imposed with respect to the creation of one (1) or two (2) additional dwelling units if the total floor area of the additional one (1) or two (2) dwelling units exceeds the total floor area of the existing dwelling unit in clauses (1)(b) or (1)(c) or the smallest existing dwelling unit in clause (1)(d).

Rules with Respect to Expansion of Existing Industrial Building

23. (1) THAT if a development includes the enlargement of the total floor area of an existing industrial building, the amount of the development charges under this By-law that is payable shall be calculated as follows:
- (a) if the total floor area is enlarged by fifty percent (50%) or less, the amount of the development charges under this By-law in respect of the enlargement is zero; or
 - (b) if the total floor area is enlarged by more than fifty percent (50%), development charges under this By-law are payable on the amount by which the enlargement exceeds fifty percent (50%) of the total floor area before the enlargement.

- (2) THAT for the purpose of interpreting the definition of “existing industrial building” contained in the Regulation, regard shall be had to the classification of the lands in question pursuant to the *Assessment Act*, R.S.O. 1990, c. A.31 as amended or successor legislation and in particular:
- (a) whether the lands fall within a tax class such that taxes on the lands are payable at the industrial tax rate; and
 - (b) whether more than fifty percent (50%) of the total floor area of the building has an industrial property code for assessment purposes.
- (3) THAT for greater certainty in applying the exemption in this section, the total floor area of an existing industrial building is enlarged where there is a *bona fide* increase in the size of the existing industrial building, the enlarged area is attached to the existing industrial building, there is a direct means of ingress and egress from the existing industrial building to and from the enlarged area for persons, goods and equipment and the existing industrial building and the enlarged area are used for or in connection with an industrial purpose as set out in subsection 1(1) of the Regulation. Without limiting the generality of the foregoing, the exemption in this section shall not apply where the enlarged area is attached to the existing industrial building by means only of a tunnel, bridge, canopy, corridor or other passage-way, or through a shared below-grade connection such as a service tunnel, foundation, footing or a parking facility.

Rules with Respect to Commercial Expansion

24. (1) THAT no development charges shall be payable under this By-law for:

 - (b) the expansion of the existing building on the lot or the accessory commercial building that is:
 - (i) the first 3,000 sq. ft. (278.7 sq. m.) of the expansion of the existing building on the lot or the accessory commercial building;

Lot Coverage Relief

25. THAT where there is a non-residential development, the development charges payable pursuant to this By-law shall be calculated in accordance with the following:
- (a) for the portion of the total floor area of such development that is less than or equal to one (1.0) times the area of the lot, one hundred percent (100%) of the non-residential development charges payable pursuant to this By-law are applicable to that portion;
 - (b) for the portion of the total floor area of such development that is greater than one (1.0) times the area of the lot, no development charges shall be payable; and
 - (c) for the purposes of this section, where a building or buildings exist on the lot on the date of building permit issuance, the lot coverage shall be calculated as if no building(s) existed on the lot on that date.

Exemptions for Certain Buildings

26. (1) THAT the following are exempt from the payment of development charges under this By-law:

- (c) If the owner does not provide satisfactory evidence of the demolition or removal of the temporary building in accordance with subsection (b), the temporary building shall be deemed conclusively not to be a temporary building for the purposes of this By-law and the Region shall, without prior notification to the owner, draw upon the securities provided pursuant to clause (a)(ii) and transfer the amount so drawn into the appropriate development charges reserve funds.

- (b) Within ninety (90) days of the expiry of the by-law, including any extensions thereof, described in subsection (a), the owner shall provide to the Region evidence, to the satisfaction of the Region's Commissioner of Finance and/or Treasurer or designate, that the garden suite was removed from the lands within sixty (60) days of the expiry of the by-law, including any extensions thereof, described in subsection (a), whereupon the Region shall provide to the owner a release of the agreement described in subsection (b) and the owner shall apply to the land registrar to delete from title to the lands any notice of the agreement registered against title to the lands under section 36 of this By-law.

- (c) If the owner does not provide satisfactory evidence of the removal of the garden suite in accordance with subsection (b), the garden suite shall be deemed conclusively not to be a garden suite for the purposes of this By-law and the Region may, without prior notification to the owner, add the development charges payable under this By-law to the tax roll for the lands to be collected in the same manner as taxes.

Rules with Respect to Redevelopment – Demolitions

30. THAT in the case of a demolition of all or part of a building:

- (a) a credit shall be allowed against the development charges otherwise payable pursuant to this By-law, provided that where a demolition permit has been issued and has not been revoked:
 - (i) before August 18, 2008, a building permit has been issued for the redevelopment within ten (10) years from the date the demolition permit was issued; and
 - (ii) from and after August 18, 2008, a building permit has been issued for the redevelopment within five (5) years from the date the demolition permit was issued;
- (b) the credit shall be calculated based on the portion of the building used for a residential use that has been demolished by multiplying the number and type of dwelling units demolished, or in the case of a building used for a non-residential use that has been demolished by multiplying the non-residential total floor area demolished, by the relevant development charges under this By-law in effect on the date when the development charges are payable pursuant to this By-law with respect to the redevelopment;
- (c) no credit shall be allowed where the demolished building or part thereof would have been exempt pursuant to this By-law;
- (d) where the amount of any credit pursuant to this section exceeds, in total, the amount of the development charges

otherwise payable under this By-law with respect to the redevelopment, the excess credit shall be reduced to zero and shall not be carried forward unless the carrying forward of such excess credit is expressly permitted by a phasing plan for the redevelopment that is acceptable to the Region's Commissioner of Finance and/or Treasurer or designate;

- (e) despite Subsection 30(a) above, where the building cannot be demolished until the new building has been erected, the owner shall notify the Region in writing and pay the applicable development charges for the new building in full and if the existing building is demolished not later than twelve (12) months from the date a building permit is issued for the new building, the Region shall provide a refund calculated in accordance with this section to the owner without interest. If more than twelve (12) months is required to demolish the existing building, the owner shall make a written request to the Region and the Region's Commissioner of Finance and/or Treasurer or designate may extend the time in which the existing building must be demolished in his or her sole and absolute discretion and upon such terms and conditions as he or she considers necessary or desirable and such decision shall be made prior to the issuance of the first building permit for the new building;
- (f) despite Subsection 30(a), where an owner has submitted an application pursuant to the provisions of the *Planning Act*, and such application has been accepted by the local municipality before the expiration of any demolition credits as noted in Subsection 30(a)(i) or (ii) above, but a building permit has not been issued within the timeframes provided for in the applicable Subsection, the owner may request in writing to the Region's Commissioner of Finance and/or Treasurer and the Region's Commissioner of Finance and/or Treasurer, or such designate, may extend the time for the expiration of the demolition credits solely upon such terms and conditions as he or she considers necessary or desirable and such decision shall be made prior to the issuance of the first building permit for the new building, provided that in no case shall any single extension be for a period greater than one (1) year from the date of the request from the owner seeking an extension pursuant to this Subsection.

Rules with Respect to Redevelopment – Conversions

- 31. THAT in the case of a conversion of all or part of a building:

- (a) a credit shall be allowed against the development charges otherwise payable under this By-law;
- (b) the credit shall be calculated based on the portion of the building that is being converted by multiplying the number and type of dwelling units being converted or the non-residential total floor area being converted by the relevant development charges under this By-law in effect on the date when the development charges are payable pursuant to this By-law with respect to the redevelopment;
- (c) where the amount of any credit pursuant to this section exceeds, in total, the amount of the development charges otherwise payable under this By-law with respect to the redevelopment, the excess credit shall be reduced to zero and shall not be carried forward unless the carrying forward of such excess credit is expressly permitted by a phasing plan for the redevelopment that is acceptable to the Region's Commissioner of Finance and/or Treasurer or designate;
- (d) despite subsections (a) to (c) above, where there is a conversion of an existing non-retail development to a retail development, a credit shall be provided in accordance with this By-law on a one-time basis such that the incremental development charges otherwise payable pursuant to this By-law shall be reduced by the greater of:
 - (i) the development charges that would be payable on the first 10,000 sq. ft. (929 sq. m) of the total non-retail floor area being converted to a retail development; or
 - (ii) twenty-five percent (25%) of the development charges otherwise payable on the total non-retail floor area being converted to retail development

unless any excess credits is expressly permitted as part of a phasing plan for the redevelopment that is acceptable and approved by the Region;
- (e) notwithstanding subsections (a) to (d) above, no credit shall be allowed where the building or part thereof prior to conversion would have been exempt pursuant to this By-law or any predecessor thereof.

Where the circumstances of a development are such that more than one (1) type of exemption, relief, credit or adjustment could apply, only one (1) type of exemption, relief, credit or adjustment shall apply and it shall be the exemption, relief, credit or adjustment that results in the lowest development charges being payable under this By-law.
